## The Book of Daniel

*Doretha*

The book of Daniel is a fascinating study both of historical events and also of visions of future prophetic events. Here are only a few of the themes from Daniel's life - choosing courage and purpose as a captive in a foreign land; trusting the sovereignty of God in the midst of a world filled with evil; living a life of faith-filled prayer even when it almost cost him his life. If you love prophecy, the book of Daniel helps bring meaning to other prophetic Scriptures that speak to the absolute authority, power and reign of God and the saving sacrifice of the Messiah!
